Coral®

MIS Spinal System

Coral[®] MIS Spinal System

DESIGN RATIONALE

The Coral MIS Spinal System extends the application to minimally invasive surgical procedures of the lumbar spine. Using proven Coral technology, Coral MIS offers an easy-to-use design, while addressing advanced indications with a less invasive approach.

SYSTEM FEATURES

One Step Screw Extension Attachment

Screw extensions attach to screw heads in one step, simplifying the surgical process and reducing OR time.

One Step Screw Extension Attachment

Multiple Rod Insertion Options

Surgeons can select a rod inserter per specific needs.

Multiple Rod Inserter Options

Threaded Rod Reduction

Rod reduction is simple and controlled using a threaded drive on screw extensions.

Threaded Rod Reduction
